

Afghanistan winter crisis

How can we help?

Made by

Joseph Andrews
from Beech class.

You might remember another Picture News a couple of months ago...

What can you remember
about it?

What is happening in Afghanistan?

In Afghanistan things are awful. The Taliban are a strict group of people who are trying to take every teaching from their sacred book and trying to make them the law. As well as that, there have been many wars there and living spaces are in poor condition. Many people are going to jail unnecessarily and many children are now orphans. The Afghans are now in crisis, as they are in the middle of a cold, harsh winter. They don't have enough food or money.

Many rich countries in the West, such as UK, USA and France have reduced the amount of financial aid (money) they send to Afghanistan. This is because the Taliban are now in charge. As a result, the residents of Afghanistan are suffering.

Do you think it's fair?

What is life like for children in Afghanistan?

The Taliban have taken over Afghanistan, multiple Afghans are dying due to poor conditions.

The rules are very harsh:

-girls can't go to school, woman/girls can't get jobs

-buildings have been destroyed so boys have to learn on the street in the snow.

Schools have been bombed so we need your help!

This is a bombed school.

Unfortunately, this is a common sight in Afghanistan. Children are having to be outside to do their learning. Some have no socks and shoes. They need your help, so please listen to how you can help.

icensable

A young boy with dark, curly hair is holding a baby. The boy is looking down at the baby with a gentle expression. The baby is wearing a light blue shirt with a green collar. The background is blurred, showing an outdoor setting with other people in the distance.

Medical conditions

Some children are getting very poorly, due to malnutrition. Many children have died as there is barely any medicine for them.

Only 9.1% of people have been vaccinated against covid-19 in Afghanistan.

Some babies have been born early and are in incubators. Normally, it's only one baby per incubator, but sometimes they have to put two in.

Doctors and nurses are working for no pay.

What are your thoughts about this situation? Good or bad?

How much money do we want to raise?

These are the things you can get for the Afghans with....

£30 : Could provide treatment for 3 children suffering from malnutrition

£50 : Could provide blankets for 10 people this winter

£100 : Emergency food to a family for 3 months
